Dear LCH Families,

In the coming 2010-11 school year, we have a wonderful opportunity to bring our Encinitas Union School District's Before and After School ASPIRE Program to La Costa Heights Elementary. In collaboration with the Ecke Family YMCA, we will be transitioning this program to LCH starting this August.

The District's ASPIRE program will offer many of the same benefits that you are already accustomed to and much, much more. Onsite childcare, homework assistance and physical activity are just the beginning. We are proud to offer a flexible schedule, low tuition rates and best of all, a direct link to your classroom teachers. Additionally our program was highlighted in the spring edition of the Envoy newsletter

(<http://www.eusd.k12.ca.us/news/envoy/pdf/Spring%202010%20web.pdf>).

Our connection with the Ecke Y will allow you to have a child's membership with your annual registration and some special physical activity classes offered on campus every afternoon.

In the coming weeks, we will be meeting to fine tune the program. Please watch for any updates in your weekly e-packets.

Should you need to reach me directly regarding this information, I can be reached at 760-944-4300 x1144 or at ron.quini@eusd.net. I look forward to this transition and opening the door to further opportunities for your children.

Sincerely,

Ron Quini
Supervisor of Extra Curricular Programs
Encinitas Union School District
