If you want your son to have some fun, excitement, outdoor opportunities, and a chance to participate in a program in which he doesn't always have to win - instead, he learns about "Do your best" and how to be helpful to others - then we have just the program for you!

Cub Scouting is a home- and neighborhood-centered program designed to support and encourage quality family involvement for boys in the first through fifth grades. Each Cub Scout learns to respect his home, country, and other people. The program also helps boys this age to:

- Learn new physical skills through sports, crafts, and games
- Learn how to get along with others through group activities
- Develop new mental skills such writing and calculating
- Develop personal independence
- Learn to make values-based decisions that assist them throughout their adult life

Now is your chance to get him involved and signed up for Cub Scouting!

Please be sure a parent or guardian comes with your son to help him sign up for Cub Scouting.
