# Reading S.T.A.R.S. Fall Camp!

Sensory Training Approach to Reading and Spelling

Reading STARS K-2nd grade

Reading STARS is a program designed to enhance the reading and spelling skills of children in early elementary grades by training their awareness of sounds and letters through multisensory modalities. The Reading STARS decoding and encoding targets will be incorporated into each class as will activities to facilitate listening comprehension, reading comprehension, reading fluency, expressive language, receptive language, and written language. Your child's development along the emergent to fluent reader continuum will be determined to ensure that your child will be successful but challenged with the curriculum presented. Multisensory activities such as songs, art projects, various types of writing, guided reading and performing arts will be included in our class environment that is encouraging and supportive.

It is our goal to have your child love reading and all it can offer!

Dates:

**October 17 - 29 (Monday – Friday)**

Time:

**9am- 12pm**

Location:

**Paul Ecke Central Elementary School**

Cost:

**\$15/Class = \$150**
