TODAY's DATE

Dear Community Partner

At La Costa Heights Elementary School, we are deeply committed to providing the most valuable educational experience possible to the ~600 children we serve. Our PTA provides essential programs such as Lab Science, Visual Art, and Performing Arts, which are funded almost entirely through donations. Each year we depend on support from our families, community members, and strategic business partners to fund the essential programs that provide the well-rounded education all children deserve.

As a member of our community, we ask you to consider being a partner with LCH by providing a goods/services donation for our annual fundraiser, a Parent Gala planned for April 19, 2024 and online auction that runs April 16 - 23, 2024. Donations for this fundraiser are critical to our success and make a valuable difference in the lives of our students. I know your establishment is popular with La Costa Heights' parents and would be a wonderful addition to our auction.

On behalf of the La Costa Heights PTA, thank you for considering a donation to our fundraising event. Please feel free to contact me should you have any questions.

Sincerely,

Auction Team
La Costa Heights Elementary PTA
